

We all still need help

- Although shielding will be officially coming to an end on the 1st August, many people will still need help, and community groups and volunteers will still be needed.
- Food Parcels will be finishing at the end of July
- The test and trace is now up and running, so people will be going into quarantine for 14 days, often at short notice and some will need support to cope with this. We
- Don't shut covid-19 groups down too soon.

Other updates

- If you are losing volunteers because people are going back to work, get back in touch with the Volunteer Centre Dorset.
- Micro Communities – Dorset Communities Together forum being launched soon.
- We have issued many updates and guides, we would like to know if we have left any gaps. What do you wish you had known about? What was useful?
