

South West Population and Public Health Academy

Health Inequalities Webinar Series

Introduction

The South West Population and Public Health Academy in partnership with NHS England and NHS Improvement; and Public Health England would like to introduce and invite you to a series of webinars that we will be delivering over the coming year.

These webinars have been designed to assist and support you and your response to the next phase of recovery planning requirements, system wide recovery following the COVID-19 pandemic and ongoing delivery of the NHS Long Term Plan.

The main focus of these webinars will be health inequalities. This webinar series will cover a wide variety of topics aimed to increase and consolidate existing knowledge and understanding; and provide you with examples of best practice; practical tips; and resources.

We are also in the process of planning a further 4 webinars that will be delivered from September 2021 onwards covering the following topics; Obesity, Public Mental Health, Cancer and CVD

The details of our first 4 webinars are listed along with registration and booking links.

Webinar 1: Health Inequalities

Date: 12th May 2021
